

OUR STATEMENT CORRECT

As stated in the Sentinel last week the Medina County Gazette changed ownership on Saturday, whereby that newspaper which for the past seventeen years has been successfully conducted by H. G. Rowe, has been purchased by a stock company of which W. B. Baldwin of Akron is the chief holder.

It is due to Mr. Rowe to say that he has made the Gazette one of the better country weeklies of the state. In his retirement from that newspaper the Sentinel can truthfully state that it has always found him a fair and square competitor and takes this opportunity of wishing him success and happiness in whatever business he may pursue in the future. Our welcome in the same spirit is extended to the new ownership and management.

PAWNEE

Mrs. Wm. Andrews died last Tuesday night, June 22. The funeral was held Friday afternoon, at East Homer, services being conducted by Rev. Tobias.

Misses Mary Sanders and Esther Falconer were in Wellington Saturday.

The Farmers' club held an interesting meeting last Friday evening. The question: "Does present day education help or hinder girls in becoming home makers?" was decided in the affirmative.

Geo. Fuller and family spent Sunday at Harry Yergin's, near Seville.

Alfred Grissinger is spending his spare time driving a new Overland and Wm. Wood aviating with a Crow.

Wm. Ebbe of Canton and Geo. Ebbe of Olney, Ill., are visiting at Mrs. Sarah Correll's.

John Hawk of Cleveland visited at Wilson Hawk's last week, also attending Mrs. Andrews' funeral.

Lucille and Richard Morse of Lodi, have been visiting their aunt, Mrs. Wm. Edward's.

ANNUAL CAMP MEETING.

Descriptive folders for the sixteenth annual session of the Sharon Camp-meeting are ready for distribution and announce that the sessions will be held from July 22 to Aug. 4, inclusive. The workers and musicians are not strangers to patrons of former years and these features coupled with the natural advantages which the location affords, promise to make this year's camp-meeting an ideal place for an outing.

STORING EGGS FOR WINTER.

In the poultry-raising department of the current issue of Farm and Fireside, a contributor writes a little article telling how for 12 years she has stored eggs when prices are low for use and for sale when prices are highest. She says that when she sells her stored eggs in December, January and February she receives from two to three times as much for them as they cost her. In the following extract taken from the little article, she describes how she stores them, and markets them:

"I store my eggs in large stone-ware crocks in a cellar or other cool place where the temperature is uniform, and use a solution in which to pack the eggs by diluting one part of bicarbonate of soda (water glass) with two live parts of pure water. The water is boiled and then allowed to cool before mixing in the water glass.

"The water glass costs me about 45 to 50 cents per gallon, when purchased from poultry-supply houses. This is a the rate of about one cent a dozen for the eggs thus packed.

CHATHAM

Rev. Patterson of Spencer preached a very helpful sermon in the M. E. church Sunday evening.

The band concert and ice cream social on Saturday evening was an all-round success.

Rev. J. D. Skellett and family are taking an outing at River Corners.

The 4th quarterly conference of the M. E. church will be held in the M. E. church at Chatham Tuesday, at 3 p. m.

There will be communion services at both churches in Chatham Sunday morning.

Don't forget the big celebration at Chatham, Saturday evening, July 3. The band will fill the air with music. Fire works will fill the air with grandeur. Flags will float in the air in honor of our country and citizens will fill their stomachs with delicious ice cream.

While on the way to church Sunday evening, Mr. Jewell, through careful management, saved the lives of two young men who ran into the auto with a motorcycle. Mr. Jewell went very slowly around the corner, when suddenly a motorcycle came up and struck the guard piece in front of the auto. One young man was slightly hurt on the right leg. Mr. Jewell was blowing his horn, but the boys could not hear for the noise of the cycle. One of the young men was from Spencer. There will be a patriotic meeting

in the Congregational church Sunday evening.

NORMALS NOT AFFECTED.

State normal school inspector Williams has filed a report with Frank W. Miller, state superintendent of instruction, showing that attendance at colleges and universities in Ohio has not been interfered with by the rural normal training courses established in connection with first grade high schools under the new school code. The greater number of pupils attending the county normal schools are under 18 years of age.

Fifty county normal schools have been approved and 101 applications for establishment of additional schools of this kind have been received at Superintendent Miller's office from

school boards which maintain first grade rural high schools. Inspector Williams declared that with \$144,000 made available by the legislature for the next two years 72 new rural normal training schools "can" be established during that period. The state will pay \$100,000 of the annual expenses of each school.

The New Medina County Illustrated Directory

A HANDY BOOK OF REFERENCE FOR FARMERS AND ALL COUNTY RESIDENTS

The FARM JOURNAL of Philadelphia is making a complete personal canvass of Medina County to get names, addresses, information, pictures, etc., for the NEW MEDINA COUNTY ILLUSTRATED DIRECTORY. Each house in the county is to be visited and the information secured FIRST HAND. Many statistics will be given, of interest and value to all farmers and residents of this county.

One of the valuable features of the directory will be a NUMBERED COUNTY ROAD MAP, showing the location of every farmer in the county.

ATE ONLY RAW EGGS; NOW FEELING FINE

S. D. Martin of Elkton, O., suffered with stomach troubles and difficulties in his digestive tract. He lost weight and his appetite was bad.

He took one dose of Mayr's Wonderful Remedy and was swiftly restored—with one dose Seven months later he sent an order for more, saying:

"Since taking your remedy I have not been bothered any to speak of with my stomach. Before I had had headaches and dizzy, weak spells, of which I am almost free, I have gained fifteen pounds since taking the one dose. It is not that I need the medicine now that I am sending. I am simply going to take it as a preventive. My wife induced a lady friend to try it. She had been eating only a raw egg or cracker or two, and often could not keep them down. This lady used your remedy and it has almost cured her."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

\$1,635,000 Hidden

In This Year's Goodyear Tires

Here are amazing facts:

Goodyear Fortified Tires contain five costly features found in no other tire. They have other features not common.

If we omitted those features, this year's probable output would cost us \$1,635,000 less. We could add that much to our profits. And you would never know it until troubles came.

This year's improvements alone will cost us \$500,000 yearly. Most of this goes into extra rubber—all into extra wear. And we shall spend on research \$100,000 this year to find other betterments still.

Users Save \$5,000,000

Yet our 1915 price reduction—made February 1st—will save Goodyear users about \$5,000,000 this year. And that was our third reduction in two years, totaling 45 per cent.

These extra features—used by us alone—will save users millions more.

That's why Goodyears dominate. They have long outsold any other. They are gaining new users faster than we can supply them. We hope, for your own sake, that they'll soon win you. Any dealer will supply you. (2419)
